

St. Joseph's School Adelong

To be God's hands in our homes, our school and our world.

Friday 24th February 2017

Dear Parents

As reported in this week's newsletter, a canteen meeting was held last Friday. There were some great ideas at the meeting and now we need to move forward with these ideas to ensure our great canteen facility continues.

At present we have a small team of volunteers who help out on Mondays and we would like to see as many families as possible volunteer to ensure the canteen remains logistically viable. At this stage the canteen will still be available on Monday. We also need to form a canteen committee with a canteen co-ordinator. Some changes that were discussed was to introduce some healthier options, this is something that will be investigated.

We ask that you please consider volunteering your time in our canteen and return the following slip below at your earliest convenience.

Yours sincerely

Kirsty Beavan
Principal
